Solstice Pinot Noir 2009

Winemaker's Notes

The grapes for the 2009 Solstice Pinot Noir are grown in the volcanic soil of West Kelowna and the clay loam soil of Carr's Landing. The mild climate and diverse soils make these vineyards ideal for premium Pinot Noir. Through low crop yields, minimal handling and careful aging in French oak puncheons, we ensure the wine stays true to the grape variety and the vineyards. Solstice Pinot Noir reflects both the essence of our unique surroundings and our commitment to quality.

Tasting Notes

A silky, medium bodied Pinot Noir showing cherry, raspberry, leather and earth components. It has the elegance and complexity expected of this variety with the lively fruit of our Central Okanagan vineyards shining through.

Technical Information

Vintage: 2009
Varietal: Pinot Noir
Appellation: BC VQA Okanagan Valley
Region: Central Okanagan
Aging: 12 months in French oak puncheons
Wine pH: 3.94
Wine Acidity: 5.4 g/l
